Announcing Your Free Upgrade to Version 6.0!

Identi-Kit version 6.0 has been released on CD and is available for shipment. All licensed users of Identi-Kit, are eligible to receive the NEW software at no additional cost. Here are the details of the upgrade.

Q: What's new in version 6.0?

A: The new software is loaded with new features and functions, including:

- Hundreds of new hairstyles, beards and facial features.
- Simple, intuitive commands for quicker, more accurate composites.
- Improved help and user manuals.
- Compatible with Windows XP.

Q: Who qualifies for the free upgrade?

A: Any current and active licensed user of any version of Identi-Kit, including the Box Kits, can receive the new software at no additional cost. (If you have licensing questions please call)

Q: What is the process to get the CD version 6.0?

A: Here is what you need to do to receive the new software:

- Complete the information form below.
- The "user name" is the person to whom we will ship the CD.
- **Fax the completed form to us- 480-483-7800**
- Products are shipped on a regular basis but please allow 7-14 days delivery.
- When you receive the new version, please send us your old software (this helps us keep our records straight and avoids duplicate billing).
